A FINAL DECISION.

Highlanders' Crack First Baseman Exenerated of the Charges Ledged Against Him Deposed Manager Tells the Story of Johnson's Animosity.

Hal Chase, peerless first baseman, is the nanager of the Highlanders, vice George T. Stallings, deposed. President Frank J. Farrell made this formal announcement yesterday afternoon at the end of a three hours conference with Stallings at the club's offices, 320 Fifth avenue. Mr. Farrell arrived here from Cleveland late Sunday afternoon and decided to postpone action until yesterday morning. Just what ocat the private confab could not earned, but when Stallings had left the office the club's chief owner said:

Mr. Stallings has resigned from the nanagement of the team and I shall notify Captain Chase that he is permanently in charge of the Highlanders with absolute authority. The charges lodged against Chase by Stallings have been investigated thoroughly and have been shown to be unfounded. That is all there is to say. Stallings and I have parted the best of

There was only light work to-day at Lakeville before the men left for New Haven There was a lineup and signal drill this There was a lineup and signal drill this morning in which Stroud successfully ran the varsity team, and then there was some catching of punts, line bucking and failing on the ball. The probable lineup against Wesleyan on Wednesday will be Brooks, left end: Tomlinson, Left tackle: Fuller, left guard: Morris, centre, Bronson, right guard: Francis, right tackle: Philbin, right end: Howe, quarterback: Daly, left halfback, Reilly, right halfback, and Field, fullback.

back. Reilly, right haifback, and Field, fullback.

PRINCETON, N. J. Sept. 26. The Princafor the season to-day. Despits the heat
the Tigers showed an unisual amount of
snap and quickness. Two fast quarters
were played, the varsity scoring once
against a strong scrub team. Straight
football was used entirely except for a few
moderately successful forward passes and
none but regular formations were tried.
Nothing new in quarterback play was
shown. Pendleton and Sparks, haifbacks,
alternated in exchanging the ball for the
first team, all their gains being on end runs.
Pendleton several times slipped through
half the scrub team for good gains. Line
play netted considerable results with Capi
Eddie Hart carrying the ball, and the only
touchdown was made on an end run by
Sparks, who received the ball on a double
pass. The varsity line, which seems to be
the department needing the most strengthtening, by no means outclassed the scrub
forwards, for Ballou and McCormick, who
did the punting for the first team, were
pressed to get their kicks off in time. The
ends ddn not show a great amount of speed
in covering the punis.
One feature of the practice which was
very noticeable was the clean, hard tackling
done by both teams. A great deal of at
tention has been paid to this department
of the game. The old tackling dummy has

HANOVER, N. H., Sept. 26.—A long signal drill, which lasted more than three-quarters of an hour, was the feature of the Dartmouth football practice on Alumni Oval this afternoon. The work was light in anticipation of a hard scrimmage every day this week. Before this drill the equad was sent through the usual preliminary work of passing and falling on the ball, the ends were coached in getting down under the onside kick and forward pass. Ingersoll punted fifty-five yards and Sherwin did some pretty five and Sherwin did some pretty five yards and Sherwin did yar

was tried out at quarterback.

PHILADELPHIA, Sept. 28.—The joyful news that Danny Hutchinson, the star full-back, had squared himself with the faculty reached Franklin Field to-day. Determined to remedy the many faults which were so much in evidence during the game last Saturday, the coaches gave the men by far the hardest drill that has been given so far this year. The tacking dummy which has been resting under the stands all summer was brought out for the first time and all of the candidates charged at it. Farticular attention was paid to the ends by Scarlett. These players were away off their game staturday and Trainus had little difficulty in circling the Pennsylvania ends for large gains. Scarlett demonstrated the proper way for an end to break up interference and drilled each man separately until he became proficient. For the first time this season drilled each man separately until he became proficient. For the first time this season buck Wharton appeared on the field to assist Gaston with the line candidates. Two lines were formed and the men sent charging into each other.

During the scrimmage game with the scrubs the main emphasis was placed upon defensive work. The varsity kicked off the second team were permitted to keep possession of the ball. The scrubs under Mike Murphs's directions were ordered to play almost all forward posses. The varsity men were on their toes during the entire game the second team were permitted to keep possession of the ball. The scrubs under the scrubs were almost helpless against their line of defence.

Find Philadelphia

Stallings and I have parted the best of friends and there is no hard feeling.

The elevation of Chase to the management of the team is not an experiment. He is a great player and I think he will make a splendid leader. He is on excellent terms with the other players, who have accepted his appointment most favorably. Results count for much and I believe that under Chase the Highlanders will go on improving until maybe next year they will win the American League championship. Stallings will carry my best wishes with him wherever he goes. He has been replaced simply because of a combination of circumstances. I do not care to say anything, "remarked the scrubs pleked up one of Smith's punts and by ciever dodging wormed his way through the while thereafter. Of the light and chase to this the new manager. That is all the fanson from securing another managerial berth in either of the big leagues. He blames Johnson for his present plight and last night he consented to tell the real cause of Johnson son is animosity.

The service and the scrubs were almost their line of defence.

Edison Test No. 9

Six-day Tour

with Detroit Electric equipped with

The New Edison Storage Battery

478 miles—average 68 miles per day

This run, from New York via Asbury Park and Atlantic City to Philadelphia, and return via Bethlehem, Port Jervis and Newburgh, shows the consistent dependability of the electric pleasure vehicle with the proper battery equipment over a period of continuous hard road service.

On this trip, through hilly and even mountainous country, some of the best and worst roads in Pennsylvania and lower New York State were covered. Yet in many instances, an average speed of 15 miles an hour was maintained, and the run from Atlantic City to Philadelphia, 62.62 miles, was accomplished at the rate of 191 miles an hour. This average speed for the distance is unprecedented for electric vehicles, even on city pavements, and would not have been possible with equipment other than the new Edison Storage Battery.
